REF: 7628

Height: 19 cm (7.5")

Width: 60 cm (23.6")

Depth: 25 cm (9.8")

Description

A large and well preserved antique giant clam shell. A real statement piece!

Tridacna gigas is a very decorative giant clam shell with a well-defined shape and good colour. Giant clams inhabit the oceans of the Pacific and Indian Oceans and have a lifespan of over 100 years. The layers, built up over the course of many years make the shells very heavy and difficult to date precisely.

This item may be subject to export restrictions. Delivery is available to England, Wales, and Scotland only.
